Bakare Muyideen Olatunji

WEBSITE DEVELOPER

Lagos, Nigeria | 08079733350 | olatunjibakare08@gmail.com

PROFESSIONAL SUMMARY

Aspiring Website Developer with hands-on experience building responsive websites and practical web projects. Skilled in HTML, CSS, JavaScript, PHP and MySQL, with experience in responsive web design, website deployment and hosting. I enjoy turning ideas into usable websites and continuously improving my frontend and backend skills. Currently seeking an entry-level or junior Website Developer opportunity where I can contribute, learn from experienced developers and grow professionally.

TECHNICAL SKILLS

- HTML5
- CSS3
- JavaScript
- PHP
- MySQL / Databases
- Responsive Web Design
- UI / Web Design
- Website Deployment & Hosting
- Basic Backend Development
- Communication & Teaching

SELECTED PROJECTS

Kaffy Collections — E-commerce Website

Built a live fashion storefront with a product catalog, shopping cart and WhatsApp-based checkout flow.

Technologies: HTML, CSS, JavaScript, Responsive Design

EarnNest — Practice Web Platform

Developed a dashboard-style practice platform to learn user accounts, backend structure and database integration.

Technologies: HTML, CSS, PHP, MySQL

MechaFix Auto Hub — Business Website

Developed a business-focused website concept for an automotive service company, including service information and WhatsApp-based customer interaction.

Technologies: HTML, CSS, JavaScript, WhatsApp

Church Website Projects

Created website projects for church and organizational communication, including announcements, events and ministry information.

Technologies: HTML, CSS, JavaScript

PORTFOLIO

Live project: www.kaffycollections.com

EDUCATION

Senior Secondary School Certificate (S.S.C.E.) — Tgold Brighter Tomorrow Model School

ADDITIONAL STRENGTHS

- Teaching and explaining technical concepts clearly to beginners.
- Building mobile-responsive interfaces with a practical, user-focused approach.
- Learning and applying PHP/MySQL for websites that require backend functionality.
- Deploying and maintaining websites for real-world use.

CAREER OBJECTIVE

To secure an entry-level or junior Website Developer role where I can use my existing web development skills, work on real projects, collaborate with a development team and continue building strong professional experience.
